PRESIDENT'S MESSAGE

From the desk of Michael Vincent

Kentuckiana ISACA Chapter members and Guests,

One of our major efforts for this term is a complete web site redesign. I am extremely excited about opportunities to provide value and information to ISACA members. Look for more information in the future and a whole new face to the world.

I am also excited to announce that the Kentuckiana ISACA Chapter is launching an initiative to reach out and provide added value to minorities within the IT audit world.

Co

PRESIDENT'S MESSAGE (Continued)

Next month, I will be making an important announcement on this issue and I value any input or suggestions on how the Kentuckiana chapter can add value to the concept of diversity within the IT audit field.

Here is an update on our goals:

- Membership growth by 25% (**Up in 2007 by 22%**)
- Membership initiative involving University of Louisville, University of Kentucky, and Bellarmine (**University of Louisville Completed!**)
- Improve our already amazing Newsletter (**Entered into 2007/2008 ISACA Contest**)
- Complete Audit of our finances (**Completed**)
- 2 Training Seminars (**2 Scheduled**)
- CISA Course review (**Under Development**)
- CISM Course review (**Completed**)
- Review current standards of board against international standards (**Underway**)
- Retool our excellent web site to be an award winning ISACA site (**Underway**)
- 6 Monthly meetings (**3 Completed**)
- 6 Board Meetings (**4 Completed**)
- Joint meeting with IIA (**Under Development**)
- Joint meeting with ISSA (**Completed**)
- Joint meeting with PMI (**Under Development**)

The KY ISACA Board met on January 16th to discuss our current progress and opportunities for improvement. We are working to improve our programming efforts to include even more additional training. One event that we are currently developing is working with MISTI to develop a local training seminar on Firewall Security. Look for more information below.

Additionally, I am working with MISTI to get discounts for our local chapters for anyone that is a KY ISACA chapter member when you sign up for a variety of classes. I will communicate those classes and discount codes in our next newsletter as this gets finalized.

I would also like to thank everyone from our chapter and from the IIA that attended the University of Louisville student reception. We had an excellent turnout and had a great opportunity to meet with several talented students. I would like to specifically thank Dave Barker for putting everything together and getting it coordinated.

Your KY ISACA President,
Michael Vincent

Do you have something you would like to post in our newsletter?
Submit an email to: Benjamin Thomas (bdthomas@rescare.com).

Online registration is now open for the June 2008 CISA and CISM exams!

Register Today!

The Certified Information Systems Auditor (CISA) is ISACA's cornerstone certification. The CISA certification has been earned by more than 55,000 professionals since inception and is for the IS audit, control, assurance and/or security professionals who wish to set themselves apart from their peers. Since 1978, the CISA certification has been renowned as the globally recognized achievement for those who control, monitor and assess an organization's information technology and business systems.

Register Today!

The Certified Information Security Manager (CISM) certification is a unique management focused certification that has been earned by over 7,000 professionals since its introduction in 2003. Unlike other security certifications, CISM is for the individual who manages, designs, oversees and assesses an enterprise's information security program. CISM defines the core competencies and international performance standards that those who have information security management responsibilities must master.

PayPal is a quick and simple way to pay for monthly ISACA meetings. From the chapter web site ([go to the meeting and seminar schedule page](#)). Click the "pay now" button for the meeting you wish to pay for. If you already have a "PayPal" account, simply verify the amount; enter your log-in and password. If you don't, creating an account is easy!

Once you have completed the transaction, you will be sent an e-mail receipt by PayPal and be returned to the Kentucky ISACA web site. The local chapter also receives an e-mail that tells us you have paid.

All information is exchanged via HTTPS protocol (secure and encrypted) and remains with PayPal.

(RSVP to kyisaca@isauditor.net)

ATTENTION:

If you RSVP for a meeting but do not attend, you are still responsible for reimbursing the Chapter for the meal.

Job Posting

IT Audit Consultant (Louisville, KY)

The IT Audit Consultant assists in managing projects from beginning to end. These projects are typically related to Information Technology (IT) and focus on improving business systems and processes to enable management to achieve their business objectives. The IT Audit Consultant is responsible for planning and performing projects for the purpose of evaluating:

- The adequacy of IT internal controls associated with information systems and processes and the adherence of those processes to Brown-Forman's policies and procedures
- The effectiveness and efficiency of IT operations, assuring that Company resources are superbly allocated
- The accuracy, availability, and completeness of presented business information
- The effectiveness, efficiency, and adequacy of controls and related processes surrounding SAP and other automated business systems

The IT Audit Consultant requires frequent communication with IT management to develop and execute a comprehensive program of IT audit coverage for Brown-Forman. The scope of this coverage includes assessment of business/technology risks and evaluation of processes for Brown-Forman. In the performance of responsibilities, the IT Audit Consultant will effectively partner with IT directors, managers, and staff to assess and report on the IT control environment. The Company has significant worldwide operations that will necessitate travel (approximately 20%) both domestic and international.

This position is responsible for planning, organizing, and conducting IT audits that ensure the audit work fulfills the objectives and responsibilities established in the audit charter and that the work conforms to professional standards and departmental policies.

See <http://www.brown-forman.com/> for additional information.

IIA Calendar of Events

<u>Date:</u>	<u>Topic/Speaker:</u>
03/11/2008	Inventory Validation & Automation (Jeff Metz, CompassSoft)
04/08/2008	Academic Relations (University of Louisville)
05/13/2008	Networking Meeting @ Churchill Downs

Louisville Chapter of Institute of Internal Auditors

The Louisville Kentucky Chapter of the Institute of Internal Auditors has approximately 140 members representing a wide range of businesses in Kentucky and Southern Indiana. The Chapter is a not-for-profit organization that was established to provide its members a means by which they may enhance their knowledge of Internal Auditing and share information.

How to Expand Your Professional Network

One of the most common reasons professionals join organizations such as ISACA are the benefits of member networking. Whether you're seeking advice from those with greater experience, opportunities to further develop knowledge and skills, or looking to apply for or fill a new position, a strong professional network is the best path to success.

In the past, networking involved exchanging business cards, following up with phone calls and emails, and occasionally meeting in person at chapter meetings and other events. While all of these steps are necessary to build a relationship, it stops short of guaranteeing that you'll stay in contact the rest of your career.

LinkedIn is a tool to help you manage your professional network. It serves as a place to document "connections" as well as make and receive introductions to other professionals. It works on the 6-degrees of separations principle allowing you to view the profiles of others and get introduced to your existing network's immediate contacts. Rather than just getting to know others casually through conventional means, accelerate that process now!

Getting Started

1. **Create an online professional profile**
2. **Link to other professionals you already know**
3. **Find others you would like to get introduced to**
4. **Invite others to join LinkedIn**

<http://www.linkedin.com>

If you are interested in joining LinkedIn and documenting your professional network, please contact Ben Thomas bdthomas@rescare.com I will send you a LinkedIn invitation, which will help you begin creating your professional profile.
